Glossary of terms

Loosely rounded handtied

An on trend handtied that is arranged in a loose & wild style. The bouquet is a rounded shape but this is done very lightly.

Loose freestyle handtied

The most popular trend for wedding bouquets this season. The handtied is arranged in a loose & wild style and usually made into a fan like shape.

Round compact handtied

A traditional hand tied bouquet that is made into a round ball like shape. Traditionally made with roses.

Waterfall/shower bouquet

A traditional bride's bouquet that is made into a teardrop shape.

Garland

A garland is lots of foliage tied together to make one long trail of foliage. It can decorate the middle of a trestle table, the edge of a top table, ceiling beams, welcome signs, mantel pieces and much more! This style is very on trend at the moment.

Table Scape

A table scape is similar to a garland but it includes flowers and it is arranged into floral foam. It can also help to create some height in the middle of a table whereas a garland would lie flat. Another popular choice this season.

Floor Scape

A floor scape is similar to a table skate but it sits on the floor- usually in front of the top table. The arrangement usually includes long stemmed flowers which create height & drama.
